14 May 2020

Dear Parents and Carers,

As you will have heard there has been an announcement by the government that some further limited onsite provision will be in place from June 1st. I would like to stress that this will be subject to infection rates and the position with regards to the government's other tests.

Over the last few days further guidance has come out from the government which we are going through very carefully to decide upon the best way forward. One thing is clear is that whatever provision we are able to offer at the forefront will be the need to protect the health and well-being of staff and students.

In the meantime we will continue with our current provision focusing on supporting vulnerable students and the children of key workers as well as providing online learning materials.

As a community we are very clear that we want to continue to offer support and guidance to our families and urge you to get in touch should you need any support or help. All teachers and support staff at the school want to return to their roles as quickly as possible but only when it is safe to do so.

Please be assured that once circumstances have become clearer and there are sensible, practical and safe steps we can take to facilitate reopening, then we will discuss these with you.

Kind regards,

Sarah Speedie  
Head of School
