| 1 | About this report |
| SEND Code of Practice: 6.81 | |
| <p>The Children and Families Act 2014 says that all maintained schools must publish a Special Educational Needs (SEN) Information Report every year. This report explains how our school meets the needs of children with SEND. It will be shown on our school website and in the 'local offer' on www.eastsussex.gov.uk</p> <p>This report is the information we provide to the East Sussex local offer which show the support that is available for children and young people with special educational needs and disabilities in East Sussex www.eastsussex.gov.uk/localoffer</p> <p>In the report, we explain how we meet our duties towards students with special educational needs and disabilities. This is also a copy of the Trust's SEND and Inclusion Policy alongside Causeways own SEND policy, which are all available on the school's website www.causewayschool.org</p> <p>We will review this report every year and will involve students and parents/carers through consultation/evaluation of provision. If you want to give us your views about the report, please contact the school office.</p> <p>Signed: Date:</p> | |

| 3 | Which children does the school provide for? |
| SEND Code of Practice: 6.79 - Bullet Point 1 | |
| 3.1 | Causeway School is a Secondary School that is part of Swale Academies Trust. We admit students from age 11 - 16. |
| 3.2 | At Causeway we pride ourselves on being an inclusive school, this means we provide for children with all types of special educational needs. All staff are provided training to meet the needs of the students within the mainstream classroom. |
| 3.3 | <p><u>Students with an Educational Health and Care Plan (EHCP)</u></p> <p>If you would like your child/children to attend Causeway and they have an Education Health and Care Plan, please contact you Assessment and Planning Officer at East Sussex County Council who will consult with us about provisions.</p> |

| | |
|-----|---|
| | <p><u>Students without an Educational Health and Care Plan (EHCP)</u></p> <p>If you would like your child/children to attend Causeway who has an identified special educational need without an EHCP you will need to apply through the normal admission channels and your application will be considered in the same way as applications from children without any identified special educational needs.</p> |

SEND Code of Practice: 6.79 - **Bullet Point 5**

| | |
|-----|--|
| 4.1 | <ul style="list-style-type: none"> • At Causeway, we are committed to meeting the needs of the children identified with SEND as part of a whole school approach with our duties described under the Children and Families Act 2014, and the Equalities Act 2010. • We provide an appropriate and high quality education for every child delivered through Quality First Teaching. • Sometimes additional support is required to support a students progress and achievement, making reasonable adjustments where necessary. |
| 4.2 | <p>At Causeway we will provide personalised support for every student at any point in their school career to unlock and maximise their potential, if they have been identified as needing additional support. To identify the students we use a graduated model of:</p> <div data-bbox="730 1541 1005 1818" data-label="Diagram"> <pre> graph TD Review --> Assess Assess --> Plan Plan --> Do Do --> Review </pre> </div> <p>This will ensure that there are clear outcomes and accountability when supporting your child.</p> <ul style="list-style-type: none"> • Assess: Data on the student held by the school will be collated by the subject teacher/Inclusion Team including the SENCo to make an accurate assessment |

| | |

| | <p>of the student’s needs. Parents/Carers will be invited to this early discussion to support the identification of action to improve outcomes.</p> <ul style="list-style-type: none"> ● Plan: If review of the action taken indicates that “additional to and different from” support will be required, then the views of all involved including the parents/carers and the student will be obtained and appropriate evidence-based interventions identified, recorded and implemented by the appropriate member of staff with advice from the Inclusion Team. ● Do: SEND support will be recorded on a plan that will identify a clear set of expected outcomes, which will include stretching and relevant academic and developmental targets (this may include targets preparing for adulthood) that encompass parent/carers’ aspirations for their child. This will be recorded, and a date made for reviewing attainment. ● Review: Progress towards these outcomes will be tracked and reviewed termly with the parents and the student. <p>In this process we will be able to identify the best intervention for the student with support from the Inclusion and Pastoral Team.</p> |
| 4.3 | <p><u>Review and Next Steps</u></p> <ul style="list-style-type: none"> ● When reviewed if the interventions are not making the required impact, advice will be sought from external agencies to support with identifying further strategies. If this is required permission will always be obtained from the parent/carer of the student. ● For a very small percentage of student’s, whose needs are significant and complex, and the SEND support required to meet their needs cannot reasonably be provided from within the school’s own resources, a request will be made to the local authority to assess the students’ education, health and care needs. This may result in an Education, Health and Care (EHC) plan being provided. ● Further information on external services can be accessed via the East Sussex Local Offer: www.eastsussex.gov.uk/localoffer |
| 4.4 | <p><u>SEND Register</u></p> <ul style="list-style-type: none"> ● The SEND register is updated each term and distributed to members of staff and the SEND profile of the school is provided to the local governing body when requested. |

| 5 | How does the school identify children's special education needs? |
| SEND Code of Practice: 6.79 - Bullet Point 5 | |
| 5.1 | <p><u>Overview</u></p> <p>We aim to identify children's special educational needs (SEND) as early as possible, so that the child achieves the best possible outcomes</p> <ul style="list-style-type: none"> • A pupil has SEND where their learning difficulty or disability calls for special educational provision. • That is provision which is different from or additional to that normally available to pupils of the same age. • The identification of children with SEN is built into our overall approach to monitor the development and progress of all pupils. |
| 5.2 | <p><u>All Students</u></p> <ul style="list-style-type: none"> • The SEN Code of Practice, 2015: 6.17, identifies less than expected progress: <ul style="list-style-type: none"> o <i>is significantly slower than that of their peers starting from the same baseline - fails to match or better the child's previous rate of progress</i> o <i>fails to close the attainment gap between the child and their peers</i> o <i>widens the attainment gap</i> <p>For any student that joins Causeway, information is gathered prior to their arrival from the previous setting. During the students time at Causeway we identify students that need additional support through continued information gathering. We would start the investigator process for identification if;</p> <ul style="list-style-type: none"> • Concerns are raised by parents/carers, or specialist agencies working with the child. • Additional concerns raised by teaching staff through completion of an Evidence of Need Form – which is shared with parents/carers. • Observations of students in the classroom that indicates that they have an additional need upon requests via the Request for Observations form. • Whole School Progress and Attainment tracking across their subjects identifies less than expected progress • To assess progress and understanding the school uses a number of 'in house' diagnostics assessment tools, e.g. Speech and Language Link, CATS, Reading Assessments, Sound Write (Phonics Assessment). • We use the identification tool the East Sussex SEND matrix to inform us of Need, Provision and Strategies in the four broad areas of need. <ul style="list-style-type: none"> o Communication and interaction – including speech and language |

difficulties and autism

- o **Cognition and learning** – including developmental delay and specific learning difficulties such as dyslexia, dyscalculia and dyspraxia.
- o **Social, emotional and mental health difficulties** – including difficulties with behaviour, attention deficit hyperactivity disorder, an attachment disorder or anxiety.
- o **Sensory and/or physical needs** - including visual and hearing impairment, dyspraxia, cerebral palsy and other physical disabilities or medical conditions which affect a child’s learning.

Students may have one or more of the four broad areas of needs.

- We use the same process to support and identify students with behavioural difficulties who may have SEN (6.21) and a child with English as an additional language (6.24)

5.3 **Year 6 and Year 7 – Identifying Need**

During the Year 6 transition to Causeway, the Head of Key Stage and the SENCo visit the students’ school, the information gathering process will start in Term 5 and continue into Term 6 prior to the academic year of entry. Information gathered from their previous schools can include KS2 SATS, personal profiles, specialist reports and attendance. To ensure we have a well-rounded picture all Year 7 students will undertake further:

- Literacy Assessments
- Cognitive Abilities Test
- Language Link (Speech and Language)

Parents/Carers are encouraged to provide additional information at the transition evening in June, and at any time parents/carers can contact their young person’s form tutor, or SENCo with any concerns or to share information.

If a Year 6 student has been placed on the SEND register at their previous setting the students will stay on the SEND register at Causeway with a review process in Term 3 to discuss with parents/carers if the student still requires additional SEND support.

If a child has an Education, Health and Care Plan (EHC) the SENCo will work with the Local Education Authority and attend the final review at Primary School.

Year 6 students identified through this process are offered additional transition days in The Key (inclusion Area) to enable them to build relationships with the Inclusion and Pastoral staff, who can create Student Support Plans for the start of Year 7.

| 6 | How does the school teach and support students with SEND? |
| SEND Code of Practice: 6.79 Bullet Point 7 | |
| 6.1 | <p><u>Quality First Teaching</u></p> <p>Supporting our students is a whole-school approach, with high quality first teaching being the foundation of our support in ensuring our students are making progress. The expectation is that all staff differentiate to meet the needs of all learners.</p> <ul style="list-style-type: none"> • Students identified with a SEND will be provided with reasonable adjustments to overcome any disadvantage experienced in schools and increase their access to the taught curriculum. • All students have individual curriculum targets set in line with national outcomes to ensure ambition. Parents/Carers are informed of these via the reporting system and at events such as Parents’ Evenings. • Students’ attainment is tracked using the whole school tracking system and those failing to make expected levels of progress are identified very quickly. These students are discussed to identify where further support would impact positively and a review of the impact of the differentiated strategies in the classroom. • There is an emphasis on learning through dialogue, with regular opportunities for children to talk both individually, in groups and pairs. • The expectation is that students will accept responsibility for their own learning and work independently where possible • Student Support Plans (student profile) are provided for all teaching staff, informing them of barriers to learning and strategies to implement. These are an extensive document that is linked to the Additional Needs Plans |
| 6.3 | <p><u>Monitoring</u></p> <p>The quality of classroom teaching provided to students with SEND is monitored through;</p> <ul style="list-style-type: none"> • classroom observation by the senior leadership team, the SENCo, external verifiers, • ongoing assessment of progress made by students with SEND, • work sampling and scrutiny of planning to ensure effective matching of work to student need, • teacher meetings with the SENCo or Assistant SENCo to provide advice and guidance on meeting the needs of student with identified SEND, • Layer 2 provision management for each year group identifies, ‘additional to and different from,’ interventions with SMART targets to meet the additional |

SEND Code of Practice: **6.79 Bullet Point 8**

| | |
|-----|--|
| 7.1 | <p><u>Curriculum Support</u></p> <p>All students will have access to a broad and balanced curriculum which is suitable for all children. We will set high expectations for all students. Students are placed in groups appropriate to their ability in maths and mixed ability in all other subjects. The students subject teachers will ensure that work is differentiated to meet the needs of the students.</p> <ul style="list-style-type: none"> • Teachers plan using students' achievement and target levels, differentiating tasks to ensure progress for every student in the classroom through their identified pathways. <ul style="list-style-type: none"> ○ <u>Scholars Pathway</u> - Curriculum Pathway to support the academically high performing students. ○ <u>Excel Pathway</u> - Curriculum Pathway to support students significantly working below their peers and academic age • When a student has been identified as having special educational needs, the curriculum and the learning environment will be further adapted by the subject teacher to reduce barriers to learning and enable them to access the curriculum. <ul style="list-style-type: none"> ○ They demonstrate sensitivity to the needs of students with SEN when determining learning partners, seating arrangements and groupings. ○ They will use a multi-sensory approach, using a range of practical resources, equipment and computing skills, supports all stages of learning ○ When appropriate, teachers will make meaningful cross-curricular links between subjects in the curriculum. made wherever possible to ensure that children see the 'big picture.'

- The teaching staff will use reasonable adjustment to support the students in lesson in accordance to the Student Support Plan or the Additional Needs Plan.
- If it is considered appropriate, students may be provided with specialised equipment or resources such as ICT and/or additional adult help.
- Strategic, adult deployment is coordinated by the Inclusion Team to ensure support staff are used effectively to support children's additional needs, including the use of teaching assistants, (TAs)
- Teachers remain responsible and accountable for the development and progress of the children in their class, including when children access support from teaching assistants or specialist staff

7.2 **Learning Environment**

Causeway School has great access to all areas for students with SEND. We cohabit the site with Hazel Court, a specialist provision. Our current Accessibility Plan and Equalities Statement, 2020-21 can be found on the school's website.

According to our statutory duties under the Equality Act 2010, we make reasonable adjustments and provide auxiliary aids and services to prevent a disabled child being disadvantaged.

We offer;

- The Key has been developed to improve inclusion in the mainstream classrooms for vulnerable students.
- We are a school that also promotes a dyslexia friendly learning environment where seating arrangements can be adjusted with a reduction in background noise and visual movement.
- Resources are clearly marked and arranged so that they can be found easily.
- Individual children may benefit from periods of quiet reflection in a safe space away from the main learning environment to help reduce levels of anxiety and frustration.
- Students may be given a designated workstation for occasions when they are unable to cope at a shared table or with classroom activity and noise levels.
- Specialist equipment or resources may be sourced by the Inclusion Team to enable identified children to access all aspects of the curriculum
 - Perkins Braille,
 - Braille books/paper.
 - C-Pen Reader

If there are further developments you feel we could make please do not hesitate to contact the SENCo.

8 How are parents and carers involved in reviewing children's progress and planning?

SEND Code of Practice: 6.79 - **Bullet Point 3 & 5**

How we work with parents/carers is critical to the success of our students. As well as being open and transparent, we provide regular, structured opportunities for communication about how your child is progressing.

Reviewing Plans

- Parents/carers are actively involved in the construction and review of additional needs plans (ANP) and they are invited to attend annual review meetings to evaluate their child's progress in relation to an education, health and care plan (EHCP) targets.
- EHCPs are reviewed every 12 months as one of the three review meetings.
- Parents/Carers are given the opportunity to meet with external agency professionals to discuss their child's additional needs during multi agency meetings, including:
 - children looked after (CLA) reviews,
 - individual health care plan construction,
 - risk reduction planning,
 - children protection review conferences,
 - core group meetings and family support meetings.
- Parents/carers are encouraged to participate in our support cycle - Assess, Plan, Do and Review (APDR) 3 times a year. This may be adjusted if the provision for the child needs to be amended.
- In addition to parents' evenings once a year (twice in year 11) to discuss their role in supporting their children at home
- Parents/Carers can also make an appointment to meet with a member of the Inclusion Team to discuss specific provision and any SEN related issues.
Where possible these will be held virtually in 2020 - 2021 due to the current pandemic.

Parent/Carer and Student Voice

- Parent/Carer questionnaires enable the school to receive constructive feedback.
- Student Voice will be completed with the students regularly

| 10 | How does the school prepare and support children to transition to a new education setting? |
| SEND Code of Practice: 6.79 Bullet Point 6 | |
| 10.1 | <p><u>On entry</u></p> <ul style="list-style-type: none"> • A planned introduction programme is delivered in Term 5 and 6 to support transfer for students starting school in September. • Parent/carers are invited to a meeting at the school and are provided with a range of information to support them in enabling their child to settle into the school routine. • The SENCo meets with all new parents/carers of students who are known to have an identified area of need to allow concerns to be raised and solutions to any perceived challenges to be located prior to entry. • If students are transferring from another setting, the previous school records will be requested immediately and a meeting set up with parents to identify and reduce any concerns. |
| 10.2 | <p><u>Year 6 Transition</u></p> <ul style="list-style-type: none"> • The transition programme in place for students provides a number of opportunities for students and parents/carers to meet the Inclusion Team and Form Tutors in the new school. These opportunities are further enhanced for students with SEND with additional transition days put in place. If there is significant need, a personalised transition will be put in place for a student. • The annual review in Year 5 and Year 6 for students with an EHCP begins the process where parents/carers are supported to make decisions regarding secondary school choice. • Parents/Carers will be encouraged to consider options for the next phase of education and the school will involve outside agencies, as appropriate, to ensure information provided is comprehensive but accessible. • Accompanied visits to other providers may be arranged as appropriate. • For students transferring to local schools, the SENCos of both schools will meet to discuss the needs of students with SEND in order to ensure a smooth transition. • The records of students who leave the school mid-phase will be transferred within five working days of the parents notifying their child has been enrolled at another school. |
| 10.3 | <u>Post-16 Transition</u> |

| | |
|--|--|
| | <ul style="list-style-type: none"> • For all students with an EHCP or an ANP, all reviews from Year 9 onwards, will include a focus on preparing for adulthood, including employment, independent living and participation in society - <i>SEND Code 9.179 9.184</i> • As young people prepare for adulthood outcomes should reflect their ambitions, which could include higher education, employment, independent living and participation in society • Year 11 students with an EHCP will have a Phase Transfer Review (annual review) at the beginning of October, where the school will work in conjunction with the Local Authority, Parent/Carers and the student to identify a Post-16 Provider that can meet the needs of the student. • All Year 10 students are invited to a taster day at East Sussex College so that students can sample the different courses available. Staff from the Inclusion Team will be part of the process and offer/provide support and guidance. • All Year 10 students are provided with the opportunity to attend a week of Work Experience with local companies, to gain valuable experience in the workplace. • The school also works closely with local companies who support a Year 11 Interview day and provide individual feedback to students. • We work very closely with the SEND Personal Advisor from the transition team to make sure all information and support is shared between school and college and that a transition plan with parental support is put in place. • Outside companies provided further support for the students in Year 11 to support transition to college, e.g. National Citizen Service and the Youth Employability Service (YES), who provide the students with further guidance. • Parents/Carers may like to use the website of the National Careers Service that offers information and professional advice about education, training and work to people of all ages. https://nationalcareersservice.direct.gov.uk • For further statutory guidance. https://www.gov.uk/government/publications/careers-guidance-provision-for-young-people-in-schools <p>If a student should transfer to another school all information will be passed on and conversations will be held between Key Leaders of both schools</p> |

SEND Code of Practice: **6.79 - Bullet Point 10**

| 12.1 | <p><u>Review and Evaluation</u></p> <ul style="list-style-type: none"> • We regularly and carefully review the quality of teaching for all students to make sure no-one under achieves. We look at whether our teaching and programmes of support have made a difference. We use information systems to monitor the progress and development of all students. This helps us to develop the use of interventions that are effective and to remove those that are less so. • We complete an annual self-evaluation of our SEND provision and use it to inform interventions for the following year and to develop an inclusion action plan. Please also see the <i>East Sussex SEN Self Review Tool</i>. https://czone.eastsussex.gov.uk/specialneeds/assessmentreview/Pages/main. • Leaders review the quality of teaching and learning for all children with SEN through lesson observations, learning walks, book looks and pupil voice. This is to evaluate whether teaching and programmes of support have made an impact on children’s progress within the four broad areas of need. • The SWALE SEND Review Team completes an annual review of the quality of provision in school to meet the needs of students who have been identified with SEND • The Associate Headteacher and Deputy Head for Progress and Outcomes lead separate, weekly keeping in touch (KIT) meetings with the SENDCo to maintain a strategic overview and to facilitate a consistent, professional dialogue between senior leaders. KIT minutes are cross referenced and recorded according to standing agenda items: safeguarding, behaviour, teaching & learning, SEN, health & safety, staffing and AOB. • The Inclusion Team meets with the chair of governors each term to review provision and progress against the annual Inclusion Action Plan. A report is then submitted to the local governing body for scrutiny. • Annual SEND performance appraisal targets for leaders, teachers and support staff ensure that staff are supported and monitored to ensure effective SEND provision, SEND Code of Practice, 2015: 6.4. |

| | |
|------|---|
| | <ul style="list-style-type: none"> • All students Attainment and Progress is shared through parent evening and regular reports – 3 times per year • The students partake in formal assessment to ensure that the information that is provided is accurate. |
| 12.3 | <p><u>Monitoring of Interventions</u></p> <ul style="list-style-type: none"> • The school has a three layered provision management system. Layer one provides a strategic overview of all interventions taking place from Year 7 to Year 11 according to the four broad areas of need in the SEN Code of Practice, 2015. • Layer 2 identifies quality first teaching strategies and intervention entry/exit data to meet the additional needs of groups or individuals in each year. Layer 3 is used by support staff to record intervention target work and progress and this information informs outcomes in Layer 2. • Intervention delivery is monitored by the Inclusion Team using drop in sessions with written feedback provided. Layer 2 interventions and exit data are rag rated and discussed during pupil progress meetings in order to agree next steps |
| 12.4 | <p><u>Feedback</u></p> <ul style="list-style-type: none"> • We invite parents/carers to provide feedback using structured conversations, pastoral support meetings and the Ofsted parent view website: https://parentview.ofsted.gov.uk/. • We send home a parent questionnaire every year then summarise the results and feedback. This information helps to inform the inclusion action plan. |
